advise insurers/STB Chair or Vice Chairperson.	

^{*}Weils Disease: Caught through contact with infected animal urine (mainly from rodents, cattle or pigs), generally in contaminated water, and typically enters the body through cuts or scrapes, or the lining of the nose, mouth, throat or eyes. Toxocariasis (Worms in dog poop!) in rare cases, the roundworm larvae infect organs such as the liver, lungs, eyes or brain and cause severe symptoms, amongst which are: blurred or cloudy vision, or very ed & painful usually only affecting one eye.
