December 2018

Project Update:

Boardwalk Volunteers recently met with the chosen local contractor; Down to Earth Landscaping to confirm the Brief: New boardwalk extension is to be kept at the same height level as it is at the current end, so there will a seamless join.

Great news too - Bob (DTE) has found locally in Manorbier that the galvanised steel can be bent, so the new boardwalk path will meander and curve, following the existing track!

The access to the picnic area will be at the point where the path is nearest and it was agreed a nice wide 'run-off' would be suitable for all, wheelchairs, pushchairs etc. The new boardwalk will 'butt-up' to the tarmac path.

Total project time is estimated at 6 weeks, with 2-3 weeks actually on site. Estimated start is January 2019...we'll keep you posted.

The picture is of the path as it is now! The extraordinary recent rains truly wrecked it! So our little project is well timed ..but in the meantime its a bit wet, muddy and tricky to negotiate - as are all paths in Pembs this week!

The Slashpond Boardwalk is an alternative attraction to our wonderful Blue Flag beach. A sheltered 235 metre non-slip, paw friendly decked walkway around a serene pond in a habitat that supports a wildflower meadow, picnic area, willow dens, bug houses, bat & bird nesting boxes.

Parking at Trafalgar Terrace car park (along the seafront, turn left at the Galleon Inn, ¼ mile on the left. Parking is free with a donation box at the entrance to help local community groups). Access is from the car park and forks to the left & right. Sat Nav directions use SA62 3JU. Bring along a small net and enjoy the 'Dipping Deck' or test yourself with Nature Trail Quiz. The area offers a circular route of approximately ½ mile which is accessible to motobility scooters, wheelchairs and pushchairs.

Other Support The Boardwalk News:

Although it has been quite a quiet few weeks for boardwalk activities, we would like to say a massive 'thank you' to all who attended the 'Spruce Up' morning on Saturday 3rd November to tackle some jobs before the bad weather set in. Piles of soggy leaves were cleared to avoid boards deteriorating, overgrowth was cut back to

allow safe passage by those in wheelchairs, mobility scooters or with pushchairs and installation in the undergrowth; 2 new 'Hilton' hedgehog hotels. Surprising what can be done in just a short time!

Kate Markham had reported, following a litter pick, that if the behaviour of 3 specific culprits could be improved that would help keep our beauty spot tidy. The dropper of Jakemans lozenge wrappers at the start and end of the boardwalk, the drinker of energy drinks who seems too tired to carry their cans as far as the nearest bin and the glugger of San Miguel who also drops their tins over the side of the boardwalk! All 3 seem to be frequent offenders going by the number of wrappers and cans that were collected! Please, please would everyone help us to deter others from littering, allowing us to provide a wonderful place for all to enjoy
